

## Rehabilitation Register

**Rehabilitation Status** – Summary of the rehabilitation status of all exploration sites during the current and previous reporting periods. Tenement reflects the CURRENT licence the drillholes lie within.

| Exploration Activities Rehabilitation Summary (Cumulative) |   |               |                         |                                 |                                      |                                      |           |                   |                              |                                      |  |
