TNG FURTHER STRENGTHENS CASH POSITION AFTER RAISING \$3.7M FROM PLACEMENT OF ENTITLEMENT ISSUE SHORTFALL

Placement of entire shortfall increases the total raised under the entitlement issue to \$12.5 million

TNG Limited (ASX: TNG) (“TNG” or the “Company”) is pleased to advise that it has received firm commitments to place all of the shortfall from its recently closed non-renounceable pro rata entitlement issue (“Entitlement Issue”) (see ASX Announcement dated 16 November 2020) via Sanlam Private Wealth (“Sanlam”) to raise \$3.73 million, taking the total amount raised under the Entitlement Issue to \$12.5 million.

Firm applications have been received for the full amount of the Entitlement Issue shortfall securities, a total of 37,270,042 shares and 37,270,042 options, raising \$3.73 million (before costs) at \$0.10 per share under the Shortfall Offer detailed in the Entitlement Issue Prospectus released on 7 October 2020.

In accordance with the terms and conditions detailed in the Entitlement Issue Prospectus, Sanlam will be paid a fee of 5% of the funds raised from the placement of the shortfall securities.

Management Comment

TNG’s Managing Director and CEO, Mr Paul Burton, said:

“We are very pleased to be able to place the shortfall securities via Sanlam Private Wealth, a long-term supporter of the Company. The proceeds will further support completion of pre-development engineering, approvals and planning for our flagship Mount Peake Vanadium-Titanium-Iron Project and put TNG in a strong position as we embark on what should be a transformational year for the Company as we close-in on financing and development of this world-class strategic metals asset.”

About TNG

TNG is a Perth based resource and mineral processing technology company focussing on building a world-scale strategic metals business based on its flagship 100%-owned Mount Peake Vanadium-Titanium-Iron Project in the Northern Territory. Located 235km north of Alice Springs, Mount Peake will be a long-life project producing a suite of high-quality, high-purity strategic products for global markets including vanadium pentoxide, titanium dioxide pigment and iron ore fines. The project, which is expected to be a top-10 global producer, has received Major Project Facilitation status from the Northern Territory Government.
